Look at our recommended accommodation list on the field school page. Please contact the Cornwall Tourism Board for further information by visiting their website at [www.cornwalltouristboard.co.uk](http://www.cornwalltouristboard.co.uk) or by telephone on: +44 (0) 1872 322900.

## **Travel**

Please see the following map for details on how to find Saveock Water Archaeology.

## **Wet Weather Programme**

During the course of the excavation week, we may lose digging days due to severe wet weather. We do however provide gazebos to cover the excavators if the sun is too hot or there is more than a light shower of rain. In windy conditions this type of shelter is inadequate and we will then do post excavation work in one of our workshops for the day.

## **Health and Safety**

As health and safety is of primary concern on any excavation, you will be required to read our health and safety policy on arrival at the site. It is advised that all excavators are inoculated against tetanus. If for any reason you do not wish to do this, we will ask you to sign a waiver for insurance purposes.
